

A Note from Dana Parker, Past President

I would like to “thank” everyone for making my year as president a great year. I enjoyed the travel and representing our great state this past year. I think our conference in July was really good, I enjoyed the breakouts and the food show was very grand.

I also attended ANC in Kansas City in July. This conference was special as your president being on stage representing Oklahoma was a very special event for me. I think our state is an awesome place to work, play, and enjoy life. I would not want to be anywhere but here!

I am keeping this just a short note as we are starting school on Wednesday and our workers reported today and things are busy. I would like to wish all a “GREAT START to the NEW SCHOOL YEAR!

Take Care,

Dana Parker
